## Breeder of Working Line German Shepherds

**Lucifer** is for stud to approved females. Females must be AKC registered. Also tested and certified for: hips and elbows through OFA or SV with rating of nothing less than Fair( preferably Good/ Excellent), DNA tested for DM with a clear result but will consider breeding to a carrier **\*\*depending on the female\*\***, must have sound temperament and reflect the **German Standard** of the German Shepherd in correct **temperament**, structure, size, and color.

## What Lucifer has to offer to his progeny:

- Correct structure
- Willingness to please, desire to work
- VERY agile
- Stable temperament
- Alert, guards territory
- Dark pigment/color
- Genetically sound
